

# Lover, Come Back to Me

Oscar Hammerstein II

Sigmund Romberg

**Ab6**                      **GØ7**                      **C7b9**                      **F-7**                      **Bb7**                      **CbØ7**  
 The sky was blue,                      And high a-bove                      The moon was new                      And so was love.

**Ab6/C**                      **F-7**                      **Bb7**                      **Eb7**                      **Ab6**                      **Ab6/CDb6** **DØ7**                      **Ab6/Eb** **F-7** **Bb-7** **Eb7**  
 This eag-er heart of mine was sing - ing:                      "Lov-er, where can you be?" \_\_\_\_\_

**Ab6**                      **GØ7**                      **C7b9**                      **F-7**                      **Bb7**                      **CbØ7**  
 You came at last,                      Love had its day;                      That day is past,                      You've gone a-way.

**Ab6/C**                      **F-7**                      **Bb7**                      **Eb7**                      **Ab6**                      **Ab6/CDb6** **DØ7**                      **Ab6/Eb** **GØ7** **C7b9**  
 This ach-ing heart of mine is sing - ing:                      "Lov-er, come back to me!"                      When

**F-7**                      **GØ7** **C7b9** **F-7**                      **GØ7** **C7b9**                      **Db7**                      **C7b9**  
 I re-mem-ber ev-'ry lit-tle thing you used to do,                      I'm so lone - ly,

**F-7**                      **GØ7** **C7b9** **F-7**                      **Bb7**                      **Bb-7** **Eb7**  
 Ev-'ry road I walk a-long I've walked a-long with you,                      No won-der I am lone - ly.

**Ab6**                      **GØ7**                      **C7b9**                      **F-7**                      **Bb7**                      **CbØ7**  
 The sky is blue,                      The night is cold,                      The moon is new,                      But love is old;

**Ab6/C**                      **F-7**                      **Bb7**                      **Eb7**                      **Ab6**                      **Ab6/CDb6** **DØ7**                      **Ab6** (**F-7** **Bb-7** **Eb7**)  
 And while I'm wait-ing here, This heart of mine is sing-ing:                      "Lov-er, come back to me!"
